REASONS FOR AND BENEFITS OF THE EQUIPMENT PROCUREMENT AND INSTALLATION CONTRACTS

To relocate certain facilities due to urban development and to strengthen the Group’s feed business, a number of subsidiaries of the Company are developing new or replacement feedmill production facilities in various provinces in the PRC and suitable production equipment is required to be procured by and installed at the relevant facilities. A public tender was conducted for the procurement and installation of equipment meeting certain specifications for the new or replacement feedmill production facility being developed by each of the four relevant subsidiaries. Bidders were assessed based on a systematic scoring on selection criteria including industry know-how, technological know-how, equipment, facilities, personnel and practical experience. Each of the Equipment Procurement and Installation Contracts was awarded to Shanghai Zheng Cheng based on the highest total score and the most favourable prices offered among all bidders. The terms to be entered into with Shanghai Zheng Cheng were no less favourable to the Group than the terms offered by other bidders which were independent third parties.
The Directors (including the independent non-executive Directors) believe that each of the Equipment Procurement and Installation Contracts is on normal commercial terms and has been entered into in the ordinary and usual course of business of the Group, and that the terms of each of the Equipment Procurement and Installation Contracts are fair and reasonable and the transactions thereunder are in the best interests of the Company and the Shareholders as a whole.

The Board considered that each of Mr. Soopakij Chearavanont (chairman and executive director of the Company), Mr. Adirek Sripratak, Mr. Suphachai Chearavanont (both vice chairmen and executive directors of the Company), Mr. Narong Chearavanont and Mrs. Arunee Watcharananan (both executive directors of the Company) had a material interest in the transactions contemplated under the Equipment Procurement and Installation Facility Contracts in view of their respective shareholdings in CPG, and accordingly those of them who attended the relevant Board meeting abstained from voting on the resolutions relating to the Equipment Procurement and Installation Contracts.

INFORMATION ON THE PARTIES

The Company is an investment holding company. The subsidiaries of the Company are principally engaged, in the PRC and Vietnam, in (i) manufacture and sale of animal feed, (ii) breeding, farming and sale of livestock and (in Vietnam only) aquatic animals, and (iii) manufacture and sale of value-added, processed food products.

Each of Chia Tai Feed Dongying, Chia Tai Feed Yiwu, Mianyang Chia Tai and Ningbo Chia Tai Agriculture is a subsidiary of the Company and is principally engaged in the manufacture and sale of animal feed in the PRC.

Shanghai Zheng Cheng is a subsidiary of CPG and is principally engaged in agri-food related equipment manufacture, procurement and installation and construction contracting in the PRC.

LISTING RULES IMPLICATIONS

As at the date of this announcement, CPF is interested in approximately 49.44% of the Shares in issue and CPG is interested in approximately 48.94% of the issued share capital of CPF. Due to CPG’s near majority shareholding in CPF, the Company and CPG have agreed to treat CPG as a substantial shareholder of the Company. Accordingly CPG and its subsidiaries and their respective associates are treated as connected persons of the Company. As Shanghai Zheng Cheng is a subsidiary of CPG, each of the transactions contemplated under the Equipment Procurement and Installation Contracts is treated as a connected transaction of the Company under the Listing Rules.

Since each of the Equipment Procurement and Installation Contracts was entered into between a subsidiary of the Group and Shanghai Zheng Cheng and relates to the procurement and installation of equipment to be installed at a new or replacement feedmill production facility being developed by that subsidiary. The Company has aggregated these transactions and treated them as if they were one transaction. As all of the applicable percentage ratios under Rule 14.07 of the Listing Rules in respect of the transactions under the Equipment Procurement and Installation Contracts in aggregate are more than 0.1% but less than 5%, the transactions are subject to reporting and announcement requirements but are exempted from the circular (including independent financial advice) and independent shareholders’ approval requirements under Chapter 14A of the Listing Rules.
